

2026 JUNIOR GOLF INFORMATION

Our goal is to secure the future generation of Beaver Meadows Members by creating life long golfers through fun and engaging instructional programs for junior golfers.

- Kyle Siegel, PGA Associate

Meet your coaches:

Kyle Siegel is a level 2 PGA Associate with a focus on teaching and coaching. He is ADM certified (American Development Model) which gives him a professional understanding on how junior golfers develop both physically and mentally. This allows him to structure practices in a way that is beneficial to junior golfers of all ages and skill levels.

Nick Scanlon is a PGA Pre-Associate. Nick played baseball at Wells College and has blended his passion for baseball into golf. With multiple years of experience with club fitting and club building, Nick is a great asset to our Junior Golf Program.

Mason Ellis is a recent graduate from Salisbury University where he was the captain of the golf team. His college playing experience combined with his Physical Education background allows Mason to connect with Junior Golfers of all ages.

Volunteers:

Having the help from parents/guardians is very important to maximize the number of junior golfers in our program. Whether it's assisting with group instruction or helping to keep score during play, we want to get you involved! Reach out to Kyle or Nick if you are interested in volunteering in any capacity.

Programs:

Both our Junior Golf Program and our Summer Camps are open to all members with children or grandchildren ages 5 - 18, as well as guests of members. If your junior golfer is unable to participate in these programs, our Golf Professional Staff offers private junior lessons for a discounted rate of \$30/half hour.

Questions:

If anyone has questions, concerns or suggestions with anything related to junior golf, please reach out to the Golf Professional staff at any time. Junior golfers are the future of Beaver Meadows and we are always open to feedback to make sure our summer programs are well attended!
